During FY15, the Board established the following objectives for achieving diversity within the Group:

1. The Group will implement initiatives to increase diversity in leadership and key positions.

Progress: The group has commenced a Talent Identification and Succession Planning Program. Of the 37 employees identified as "Talent", 41% (15) are female. When compared to the overall percentage of females in the business (24%), the figure represents an opportunity to ensure a higher representation of females in senior positions in years to come. Of the total employees assessed, 34% were female.

2. The Group will ensure equity and diversity is encouraged and improved through the revision of key policies.

Progress: Flexible working has been made available to an increased number of employees throughout the year, particularly in Leadership roles. The flexible working policy continues to operate on an individual request basis.

3. The Group will implement a coaching and mentoring program for the nurturing of key talent, focusing particularly on recruitment, leadership and development of a diverse workforce.

Progress: The coaching and mentoring arrangements first made available in 2013 have continued. This will be re-invigorated through the launch of the Talent Development program which includes mentoring for all key talent.
